Revised

Mark Kruzynski Superintendent
Medina Central School District
One Mustang Drive
Medina, NY 14103

Dear Superintendent Kruzynski:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Shannon L. Tahoe

Shannon L. Tahoe
Interim Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA'splan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPRplan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category,see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs,see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results**:scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results**:scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

Page Last Modified: 12/19/2019

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

SLO Assurances

Please check the boxes below.

- ☑ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs.
- ☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent willbe locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Page Last Modified: 01/06/2020

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;**
- **Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or**
- **Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.**

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.**
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., Domains 1 and 2 will be weighted 30% each and Domains 3 and 4 will be weighted 20% each).

The observable components of the Danielson Rubric will be weighted as follows:
Domain 2 and 3 will be weighted 33.3% each
Domain 1 and 4 will be weighted 16.7% each
We will average using the weights above.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Observation Assurances

Please check all of the boxes below.

- ☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. (1) the substance of the annual professional performance review;which shall include the following:

(i) in the instance of a teacher rated Ineffective on the StudentPerformance category, but rated Highly Effective ontheObservationcategory based on an anomaly, as determined locally;

(2) the LEA'sadherence to the standards and methodologies required for such reviews, pursuant to Education Law§3012-d;

Page Last Modified: 05/22/2020

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious manner.

In order to implement the requirements of NY Education Law 3012-d, and notwithstanding any other current bargaining obligation or agreement, the District and the Medina Teachers Association (MTA) hereby agree as follows:

1. Prior to the annual rating becoming final, the teacher and principal shall meet to review all findings related to he evaluation, including but not limited to any potential procedural or substantive disputes regarding it. The teacher may have an MTA representative present if he/she chooses.

2. Appeals of Annual Professional Performance Reviews shall be limited to only those which rate a classroom teacher as ineffective or developing. A unit member holding the position of classroom teacher may challenge only the substance of the Annual Professional Performance Review; the District's adherence to the standards and methodologies required for such Annual Professional Performance Review, the District's compliance with its procedures for conducting the Annual Professional Performance Review, or its issuance and/or implementation of the terms of the Teacher Improvement Plan. Such challenge must be submitted in writing to the Administrator performing the Annual Professional Performance Review or Teacher Improvement Plan. There may be only one appeal submitted in relation to any particular Annual Professional Performance Review or Teacher Improvement Plan. The writing must explain in detail the specific basis for the challenge, and should provide any relevant supporting documentation. The appeal must be submitted within ten working days of the issuance of the Annual Professional Performance Review or Teacher Improvement Plan or it is deemed waived. The teacher has the burden of demonstrating the relief requested and the burden of establishing the facts upon which such relief is sought.

Within ten working days of receipt of the challenge, the Administrator conducting the Annual Professional Performance Review or Teacher Improvement Plan shall meet with the teacher and his/her union representative to discuss the appeal. Any grounds not raised in the appeal by this point shall be deemed waived for this procedures. Within ten working days of such meeting, the Administrator shall submit a written determination on the appeal. If time frames are not met by either party, the appeal will be waived or sustained respectively to bring finality to the proceedings. In no such case will this appeals process not be timely and expeditious.

If the teacher received an "ineffective" rating and disagrees with the determination of the administrator, the teacher may submit a copy of the challenge, the determination, and a written statement explaining in detail the basis for disagreement with the determination, with any relevant supporting documentation, to the Superintendent of Schools within ten working days of the date of the determination. Within ten working days of receipt of the challenge, the Superintendent shall meet with the teacher and his/her union representative to discuss the appeal. Within ten working days of such meeting, the Superintendent shall submit a written determination on the appeal. Should either party fail to adhere to the negotiated timelines the appeal will be waived or sustained to bring finality to the proceedings. A teacher receiving three consecutive "Developing" ratings may also appeal to the Superintendent as above.

A unit member shall be entitled to representation by the MTA during the course of any appeal authorized by this paragraph. the District shall maintain a record of all documents and materials submitted by either party during such an appeal, which shall thereafter be available for inspection by the unit member and/or he MTA. The teacher may present any mitigating circumstances that he/she believes relevant during the course of an appeal, (including but not limited to Class Size, Students and Classes Assigned, Student Attendance, Teacher Leave time/Personal life, New Initiatives/Requirements, Administrative Support/Relationship and Physical Environment) which shall be considered by the District along with all other information submitted during the appeal. The appeal may result in the following action: sustaining the appeal and modifying the evaluation, or rejecting the appeal and sustaining the evaluation. The decision of the Superintendent is final.

A challenge or determination under this section shall be exempt from the grievance and arbitration provisions in the collective negations agreement between the Parties, and an Annual Professional Performance Review or Teacher Improvement Plan may not be challenged in any other forum.

If the teacher fails to file an appeal in the aforementioned time frames, the appeal will be waived. If the principal or superintendent fails to respond to an appeal in the aforementioned time frame, the appeal will be sustained.

3. Nothing in this task shall in any way restrict or affect the District's non-reviewable authority to terminate the appointment or to deny tenure to a probationary teacher, and any such termination or denial shall not in any way be subjected to challenge through the grievance and arbitration provisions of the collective negotiations agreement between the Parties for constitutionally and statutorily permissible reasons.

4. Unit members receiving a mandated TIP will have the right to MTA representation during the development of said TIP.

5. Nothing raised by the teacher at any point in this Appeals Procedures shall be construed to limit any evidence or arguments that teacher may raise in

a formal statutory disciplinary or legal proceeding for actions no specifically related to appealing an evaluation per this procedure.

6. The Parties agree that they will further conduct negotiations concerning the APPR Regulations adopted by the Board of Regents, and to the extent necessary to comply with said Regulations and NY Education Law 3012-d. In no such case will the appeals process not be timely and expeditious. All changes are subject to approval by the Commissioner.

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

All evaluators (including lead evaluators, evaluators, and independent evaluators) will be trained and/or retrained by Orleans-NiagaraBOCES, in the 9 required elements of Regents rules 30-3.10. The training will be approximately four 2-hour sessions per year. Inter-rater reliability will be ensured through ongoing in house and BOCES level training. Upon the completion of this training, the Superintendent will recommend and the Board of Education will certify and or re-certify all evaluators annually.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results**:scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configurationor across multiple building/programs where the learning activities of one building/programindirectly contributeto student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA'sfocus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEAwho take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Page Last Modified: 05/14/2020

- adescription of the areas of principal practice that will be evaluated;
- adescription of how the selected areas of principal practice promote student growth;
- adescription of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.**
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., Domains 2 and 3 will be weighted 30% each and Domains 1, 4, 5 and 6 will be weighted 10% each).

All observable components will be weighted equally and averaged.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious manner.

Medina School Administrators' APPR APPEALS PROCEDURE

In order to implement the requirements of N.Y. Education Law § 3012-d, and notwithstanding any other current bargaining obligation or agreement, the District and the Medina School Administrators hereby agree as follows:

1. Prior to the annual rating becoming final, the Superintendent and principal shall meet to review all findings relating to the evaluation, including but not limited to any potential procedural or substantive disputes regarding it. The principal may have a representative from the Medina Central School Administrators Association, (MCSAA) present if he/she chooses. Appeals of Annual Professional Performance Reviews shall be limited to only those which rate a principal as ineffective or developing. A unit member holding the position of principal may challenge only the substance of the Annual Professional Performance Review, the District's adherence to the standards and methodologies required for such Annual Professional Performance Review, the District's compliance with its procedures for conducting the Annual Professional Performance Review, or its issuance and/or implementation of the terms of the Principal Improvement Plan.

2. Such challenge must be submitted in writing to the Superintendent performing the Annual Professional Performance Review or Principal Improvement Plan. There may be only one appeal submitted in relation to any particular Annual Professional Performance Review or Principal Improvement Plan. The writing must explain in detail the specific basis for the challenge, and should provide any relevant supporting documentation. The appeal must be submitted within ten working days of the issuance of the Annual Professional Performance Review or Principal Improvement Plan or it is deemed waived. The principal has the burden of demonstrating the relief requested and the burden of establishing the facts upon which such relief is sought.

1. Within ten working days of receipt of the challenge, the Superintendent conducting the Annual Professional Performance Review or Principal Improvement Plan shall meet with the Principal and his/her union representative to discuss the appeal. Any grounds not raised in the appeal by this point shall be deemed waived for this procedure. Within ten working days of such meeting, the Administrator shall submit a written determination on the appeal.

2. If the principal disagrees with the determination, the principal may submit a copy of the challenge, the determination, and a written statement explaining in detail the basis for disagreement with the determination, with any relevant supporting documentation, to a Superintendent of Schools, mutually agreed upon by the district and MCSAA, within ten working days of the date of the determination issued from the appeal. This person shall be known as the "Outside Evaluator" for the remainder of this document.

3. Within ten working days of receipt of the challenge, the Outside Evaluator shall meet with the principal and his/her union representative to discuss the appeal. Within 5 workingdays of such meeting the Outside Evaluator shall submit a written determination on the appeal. If the timeframe is not met by either party, the appeal will be waived or sustained respectively to bring finality to the proceedings. In no such case will the appeals process not be timely and expeditious.

4. A unit member shall be entitled to representation by the Medina Central School Administrators Association during the course of any appeal authorized by this paragraph. The District shall maintain a record of all documents and materials submitted by either party during such an appeal, which shall thereafter be available for inspection by the unit member and/or the MCSAA. The principal may present any mitigating circumstances that he/she believes relevant during the course of an appeal, (including but not limited to, Students and Classes Assigned, Student Attendance, New Initiatives/Requirements, Administrative Support/Relationship and Physical Environment) which shall be considered by the District along with all other information submitted during the appeal. The appeal may result in the following action: sustaining the appeal and modifying the evaluation, or rejecting the appeal and sustaining the evaluation. The decision of the Outside Evaluator is final.

5. A challenge or determination under this section shall be exempt from the grievance and arbitration provisions in the collective negotiations agreement between the Parties, and an Annual Professional Performance Review or Principal Improvement Plan may not be challenged in any other forum.

6. Nothing in this task shall be construed to alter or diminish the authority of the District to grant or deny tenure or to terminate probationary principals during the pendency of an appeal pursuant to this section for statutorily and constitutionally permissible reasons.

7. Unit members receiving a mandated PIP as a result of the APPR will have the right to MCSAA representation during the development of said PIP.

8. Nothing raised by the principal/administrator at any point in this Appeals Procedure shall be construed to limit any evidence or arguments that principal may raise in a formal statutory disciplinary or legal proceeding for actions not specifically related to appealing an evaluation per this procedure.

9. The Parties agree that they will further conduct negotiations concerning the APPR Regulations adopted by the Board of Regents, and to the extent necessary to comply with said Regulations and N.Y. Education Law § 3012-d. All changes are subject to approval of the NYS Department of Education.
