Met Requirements indicates that the LEA documents reviewed were fully in compliance with federal and State requirements.

Met Requirements with Recommendation indicates that the LEA documents reviewed were in compliance with federal and State requirements, but that the LEA may improve the quality of their program implementation and/or documentation by implementing the NYSED-provided recommendations. Recommendations serve as technical assistance and the LEA is not required to take immediate action.

The LEA is required to respond to a required action within its Corrective Action Plan.

Finding with Corrective Action indicates that the LEA is not in compliance with federal and State requirements. The LEA must implement the NYSED-directed Corrective Action(s) within its Corrective Action Plan.

Things to Consider to Get Started

The review is based on your 2024-25 Consolidated Application for ESSA-Funded Programs, so you may want to have copies of the needs/goals, budgets, and any subsequent amendments available for discuss during the review.

Identify appropriate personnel to contribute to the monitoring review based on program areas.

Ensure all personnel who are contributing to monitoring review have appropriate access to both the Consolidated Application and Monitoring Review survey and that there is a clear line of communication between all individuals contributing evidence.

Develop a timeline and internal procedures for collecting and uploading evidence.

Things to Consider when Uploading Materials

Refer to the Recommended Evidence column or the Indicators and Evidence Guide document to identify appropriate materials.

Ensure that evidence is aligned to program title; for example, Title I indicators should only include evidence that applies to Title I, etc.

Ensure that evidence is uploaded for all applicable programs in indicators which address multiple programs. For example, for General Fiscal indicators, evidence is required for Title IA, IIA, IIIA, IVA, and VB.

Label evidence specific to program title and indicators.

Provide a key for fiscal account codes to facilitate accurate review of fiscal documents
