

Academic Plan Progress

The Academic Plan is organized into five domains.

1. Turnaround Leadership
2. Talent Development
3. Culture Shift
4. Instructional Transformation
5. Systems, Resources and Structures

Each domain has a series of overall recommendations and multiple indicators that support evidence of implementation. The Academic Plan has 85 recommendations with 225 indicators as ***evidence of implementation***.

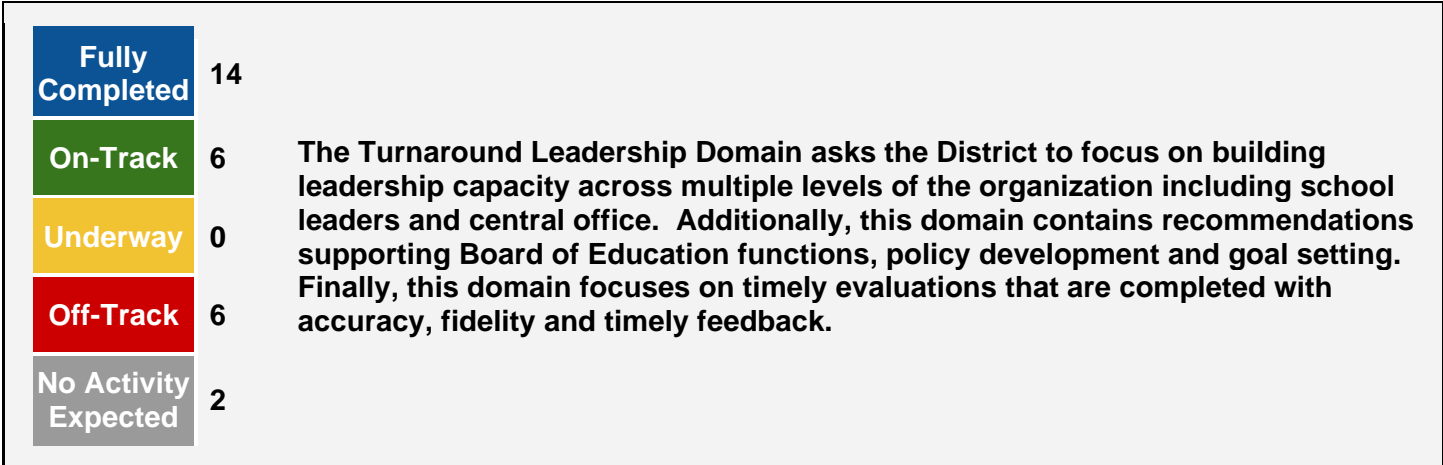

For the purpose of the Annual Plan Report 21-22, the District was asked to provide progress updates at the evidence of implementation level. Therefore, the graph below represents that assessment of progress for the composite number of 225 indicators.

Academic Plan Progress by Domain

Turnaround Leadership

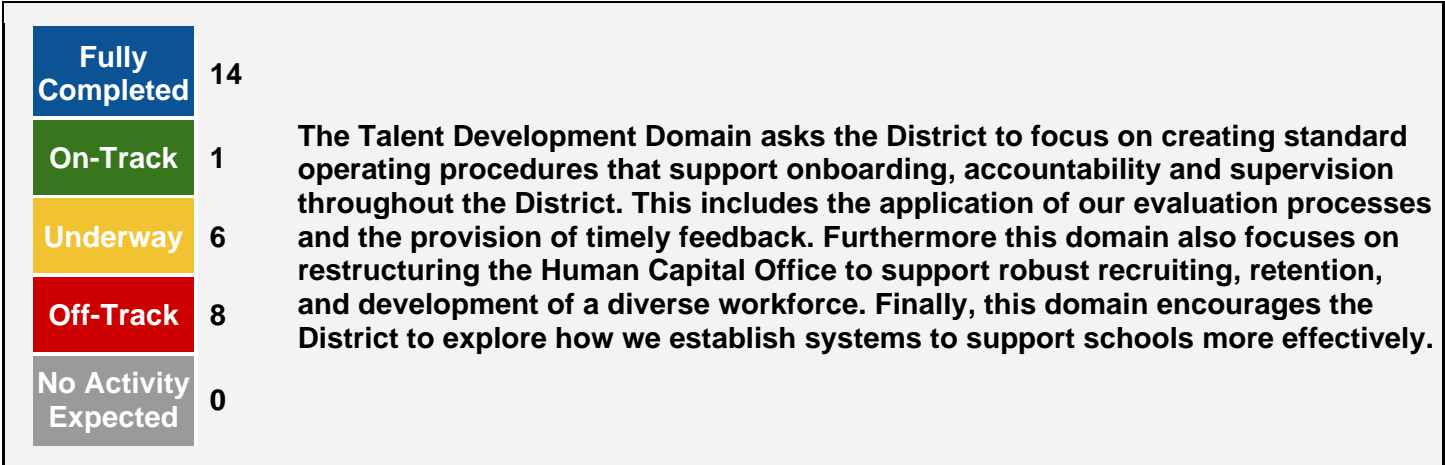

Progress Highlights

- Held weekly/monthly professional development opportunities for school leaders focused on instructional leadership, data driven instruction, and personal leadership.
- Central Office leaders in the Teaching and Learning Department were provided with over 20 sessions of professional development focused on adaptive leadership, change management, and instructional capacity.
- The RCSD Board of Education consistently uses the BoardDocs System for meeting agendas, resolution reviews, voting, and document management. Board training was provided on parliamentary procedures, equity, bias, and goal setting. Incoming Board members engaged in a robust onboarding experience.

Needs and Next Steps

- Establish and adhere to consistent timelines for evaluation of staff at all levels
- Expansion of racial and linguistic bias training for multiple members of the organization
- Intensive support for the Board of Education in Governance, Goal Setting, and Diversity, Equity, and Inclusion.

»»» Talent Development

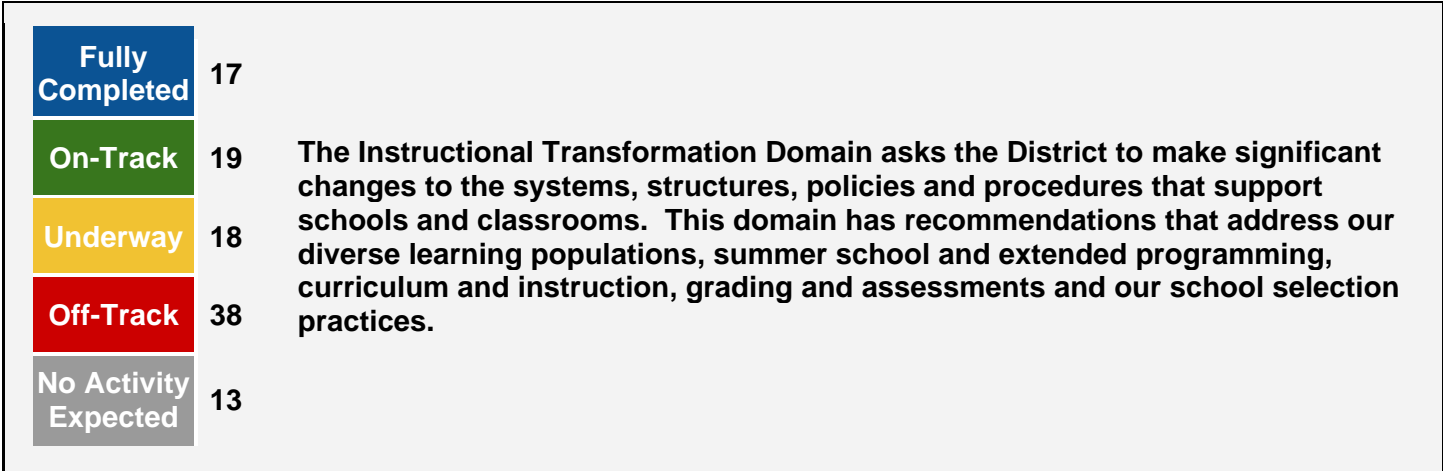

Progress Highlights

- Held monthly professional development opportunities for school leaders focused on instructional leadership, data driven instruction, and person leadership.
- Adopted a Districtwide professional development model for all learning sessions.
- Implemented a consistent hiring process for vacant positions including the addition of video based interviews and a multi-step interview process.
 - [Hiring Process SOP](#)
- Hold consistent cabinet meetings representing all governing divisions of the organization.

Needs and Next Steps

- Continue to implement the multi-year talent development plan to improve human capital functions
- Implementation of Teachboost, a high quality resource that will support the teacher development process from evaluation and compliance to personalized coaching that drives educator growth.
- Partner with multiple organizations to provide personalized training.
- Coaching and strategic planning for central office and school based leaders.

»»» Instructional Transformation

Progress Highlights

- Expansion of summer school, extended day, and after-school programming for students in grades K-12 which included sports camps, technology sessions, and a new program partnership with a local university.
- Implemented new curriculum and materials for K-5 social studies, 6-8 mathematics, 6-8 science, and US History. Conducted a K-5 curriculum adoption process that resulted in the selection of a standards aligned program that will begin in SY 22-23.
- Updating the comprehensive assessment program to increase the alignment of how the District and schools understand and respond to what students know and are able to do in a timely manner. Resulted in the adoption of i-Ready for K-8 ELA and Mathematics, Las Links for reading, writing, speaking, and listening and the continuation of Brigance for our early childhood students
- Improved the Special Education reporting systems to support the District's ability to monitor service logs for related service providers resulting in an increase in medicaid billing and reimbursement.

Needs and Next Steps

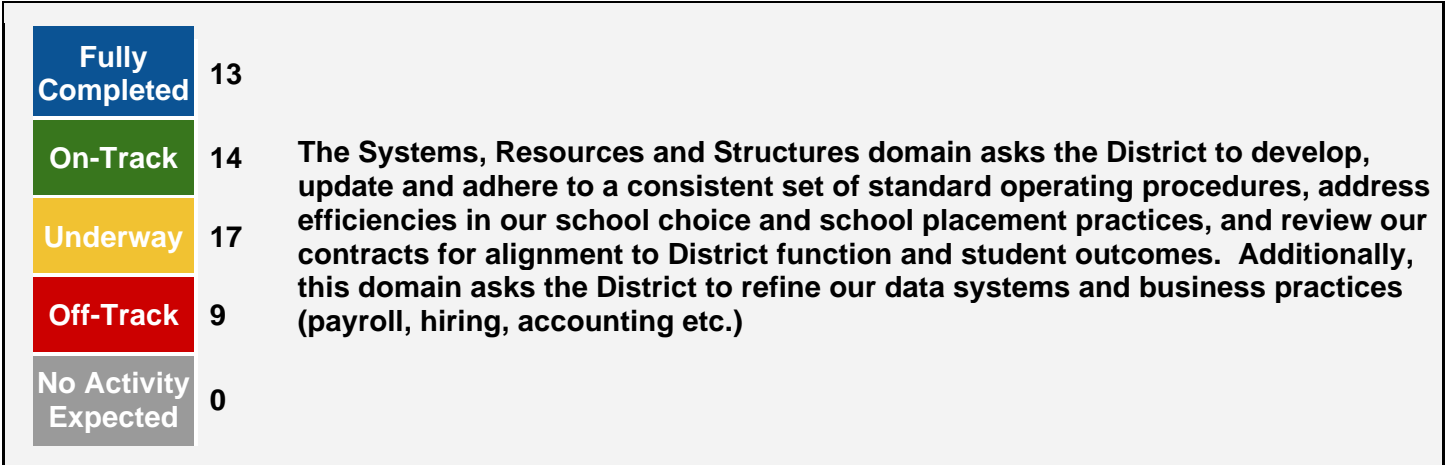

- Finalized a comprehensive secondary course of study catalog that will be a one-stop shop for students. This resource will be available to support students, families and the District in partnering for program planning.
- Improve our data systems to accurately report and understand multiple layers of data regarding attendance, chronic absenteeism, student achievement and other factors to support student success.
- Significant efforts to align the multiple action plans, decrees and reporting structures to align all of our efforts towards a common goal.

»»» Culture Shift

»»» Additional Notes

This Academic and Fiscal report overview provides a snapshot of overall District performance. In conjunction with the Board of Education, State Monitor, and the District team this report represents individual ratings on each of the indicators found in the evidence of implementation sections of the respective plans. The District also acknowledges that the ratings are representative of the efforts put forth as of June 30, 2022.

For the purposes of this report, the District has identified both progress to date and a limited amount of next steps for SY 2022-23.

Additional focus areas that are not specifically highlighted in the recommendations or evidence of implementation are available for review as the District has additional corrective action plans, consent decree goals, and other supportive documents that we are working to align. A specific modification request will be presented to the State Monitor to consider a more streamlined implementation and reporting process.

The District acknowledges the necessity to carefully review items that are rated off track and underway to determine the next steps and offer specific remedies and action plans to address all outstanding issues. Such plans will be developed and shared with the State Monitor for feedback, review, and approval where necessary.
