Mission: Destine Preparatory Charter School develops scholars in K-5th grade to become future change makers through rigorous academics, social and emotional learning, and affirmation of their identities.

Core Values:

Academic Programming is Rigorous and Extends Student-thought

We will create a pathway towards regional careers and local leadership through choosing and developing curriculum used by excellent schools teaching similar demographics of students in communities similar to Schenectady. We will invest in exposing our students to STEM, building their foundational literacy skills, and intentionally teaching our students how to self regulate and engage with learning.

Our SEL approach will build scholars' sense of self, and confidence and most importantly reduce discipline infractions and keep students learning in the classroom. We will balance instructional approaches, including giving scholars the space to grapple with rigorous content independently, in order to develop scholars' critical thinking skills and invest scholars in continuously learning.

Equitable Systems and Structures Enable Learning, Growth, and Leadership

All mean all at Destine Prep. All learners will receive the supports they need to be successful, and we will staff our school with educators who have a background in social work and supporting students with disabilities. All learners will receive at minimum tier 1 social-emotional supports and learning experiences, as a part of our daily programming, during Morning Meeting and Reflection Circle.

When considering hiring, grade placement, or roles we will consider staff strength, skills and mindsets, and we will intentionally develop skills in which they lack during intentionally planned meetings and structures, such as Data Days.

Family and Community Partnerships Matter and are Vital to School Success

Parent voice is intentionally elicited to ensure our school program will meet the needs of the community and to ensure our school operates with culture and heritage in mind. Parents receive learning and training opportunities to build skills for career readiness and parenting. We will leverage community resources to strengthen our program and provide assistance to our families, such as after school care and activities. Community leaders will have opportunities to motivate our scholars through facilitating enrichments with our scholars and partnering with the school on community events.

Academic Goal 1	GOAL I: ENGLISH LANGUAGE ARTS Goal: Students will be proficient in English Language Arts.	Administered the STEP assessment four times in the school year (October, January, April, June)	Not Met	Reading achievement is our #2 priority for the school year. WE invested a lot of Professional Development time towards unpacking reading skills and unpacking reading data. Our teachers got significantly better throughout the year at instructing reading and planning instruction that was tailored to the data. This year, we will start the year where we finished - solid/strong reading instruction across the board. We are investing in consulting services that will enable our teachers to understand the science of reading even more deeply. We will integrate interventions much earlier this year to ensure all students

				are getting what they need from day 1. The HOS will be the primary coach on reading instruction.
Academic Goal 2	<p>GOAL II: MATHEMATICS</p> <p>Goal: Students will demonstrate competency in the understanding and application of mathematical computation and problem-solving.</p>	<p>Administered the NWEA MAP Assessment three times in the school year(fall, winter, and spring).</p>	Not Met	<p>We expanded school administration and leadership to add a SPED Coordinator. A major focus of the role is to review data daily for our Tier 3 learners. We intend to integrate academic interventions much earlier this school year. We added 2 additional Special Education teachers to our staff who will lead resource room and interventions. Also, we are placing a greater emphasis on teacher development. We have aligned our Professional Development schedule more closely with our performance rubric to ensure teachers get better faster. All of our teachers who are currently uncertified will have to enroll in a program prior to the end of the year. The HOS will be the primary coach on math instruction.</p>

Entry 10 – Teacher and Administrator Attrition

Completed - Aug 1 2023

Form for "Entry 10 – Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System – Employee Clearance

Required of ALL Charter Schools

Charter schools must ensure that all prospective employees^[1] receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. **This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers.** After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

1. Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at [NYSED CSO Employee Clearance and Fingerprint Memo 10-2019](#).

^[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers.** See NYSED memorandum dated October 1, 2019 at <http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeeefingerprintoct19.pdf> or visit the NYSED website at: <http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html> for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances
