NYS Budget Appropriations-AMTS

Grant Year	Division of Budget Appropriations	Fiscal Year (FY)	School Year (SY)	Application Year	AMTS Reimbursement Rate
1	\$5M	2023-24	2023-24	2024	TBD
2	\$5M	2024-25	2024-25	2025	TBD

Reimbursement Methodology

Reimbursement for eligible teachers shall be the average comparable teacher salary and personal service, per subject area, of public-school teachers in the school district in which such nonpublic schools are located, multiplied by the percentage of full time equivalent secular instructional hours completed in the school day per subject area. Reimbursements shall not be provided for eligible teachers who provide instruction in dance, theater, visual or media arts, fine arts, and/music, if such teachers also provide non-secular instruction in any capacity.

In the event that the total reimbursements requested exceed the appropriation available for this program, then each applicant shall only be reimbursed an amount equal to the percentage each such applicant represents to the total of all applications submitted.

Applicants should keep in mind; eligible teacher salaries in similar grants have historically exceeded their reimbursement rate. Employing religious and independent school must support the remaining expenses and should not plan to receive additional reimbursement.

Dataset
