For the Period
September 1, 2012 through August 31, 2017**

Proposals are due by July 3, 2012

Announcement of Funding Opportunity Liberty Partnerships Program 2012-2017

Introduction/Background: Through this RFP, New York State Education Department (NYSED) seeks to identify Institutions of Higher Education (IHE) that will create strong- school and community partnerships to deliver research-based programming to students enrolled in public and non-public schools that are identified as having a high risk of students dropping out of school.

As leaders in the educational community, IHE's are encouraged to collaborate, design and implement programming that creates new strategies that influence the way schools work and the way we treat students as active participants in their own learning.

Legislative Authority: The Liberty Partnerships Program (LPP) was established in 1988 under Section 612, Subdivision 6 of the Education Law to address the significantly elevated, high school dropout rate among New York's youth. The authorizing legislation stated "the failure of many young New Yorkers to complete their secondary education limited their opportunity for a life of fulfillment, prevents them from advancing into postsecondary education and hinders the State's efforts to provide a well-trained workforce for business and industry in New York.

Eligible Applicants: Each proposal must be submitted by at least one New York State eligible degree granting Institution of Higher Education (IHE) acting as the fiscal and project coordinator for a partnership with a Local Education Agency (LEA). The partnership may include additional LEAs, IHEs and/or community based organizations (CBO). In an area of the state in which no IHE applies to provide appropriate services to eligible students, a not- for-profit community-based organization(s) in cooperation with a LEA may apply.

I. INTRODUCTION

In New York State, 52.8% of grade 3-8 students across the state met or exceeded the [English Language Arts \(ELA\)](#) proficiency standard and 63.3% met or exceeded the standard in [Math Assessment](#). Almost 72% of the students who started 9th grade in 2005 graduated after 4 years, by June 2009. This is compared with a 66 percent graduation rate for students who started 9th grade in 2001. The annual rate of increase has declined – from 2.1 percent for the 2003 cohort to .9 percent for the 2005 cohort. "Career and college-ready" graduation rate was 36.7 percent which reflects the percentage of students who graduated earning at least 75 on the English language arts Regents and 80 on the math Regents exam. Additionally, in 2010 the state raised the standard scores for proficiency to better reflect the level of achievement needed to indicate that a student is on track to achieve college-ready scores on future state exams and in 2011 implemented the Common Core to standardize what all students are expected to know and be able to do, meeting the requirement to be college and career ready.

Through this RFP, New York State Education Department (NYSED) seeks to identify Institutions of Higher Education (IHE) that will create strong- school and community partnerships to deliver research-based programming to students enrolled in public and non-public schools that are identified as having a high risk of students dropping out of school. As leaders in the educational community IHE's are encouraged to collaborate, design and implement programming that creates new strategies that influence the way schools work and the way we treat students as active participants in their own learning. The following leadership and support services should align with the [New York State Learning Standards](#), the [Common Core State Standards Initiative](#), and other varied research-based programming resources that offer students multiple ways to master core skills for high school graduation, prepared for post secondary education and the workforce. In addition to the above resource's mentioned [Engage NY](#) is intended to be a go-to source for teaching and learning resources -- especially the new Common Core Standards, data-driven instruction and Teacher/Leader Effectiveness.

II. BACKGROUND & PURPOSE

The Liberty Partnerships Program (LPP) was established in 1988 under Section 612, Subdivision 6 of the Education Law to address the significantly elevated, high school dropout rate among New York's youth. The authorizing legislation stated "the failure of many young New Yorkers to complete their secondary education limited their opportunity for a life of fulfillment, prevents them from advancing into postsecondary education and hinders the State's efforts to provide a well-trained workforce for business and industry in New York. The Liberty Partnerships Program is included in the New York State Education Department's Statewide Plan for Higher Education as part of its strategy to maximize the successful transition of middle and high school students, who are at-risk of dropping out of school, into graduates, fully prepared for the rigors of higher education and the competitive demands of a fluid workplace in a global economy.

This higher education initiative will grant awards on a competitive basis to eligible applicants that agree to deliver comprehensive, evidence based, results-driven programming designed to improve the abilities of at-risk middle and high school students to graduate from high school prepared for a successful transition into postsecondary education or onto a career path.

III. INSTITUTIONAL ELIGIBILITY

1. Each proposal must be submitted by at least one New York State eligible degree granting Institution of Higher Education (IHE) acting as the fiscal and project coordinator for a partnership with a Local Education Agency (LEA). The partnership may include additional LEAs, IHEs and or community based organizations (CBO). This item will be reviewed by the Office of K-16 Initiatives and Access Programs to ensure that the applicant meets this criterion prior to a review of the proposal on its merits. Any applicant who fails to meet this criterion will not have their proposal reviewed.
2. In an area of the state in which no IHE applies to provide appropriate services to eligible students, a not- for-profit community-based organization(s) in cooperation with a LEA may apply.

3. Applicants must partner with the LEA(s) where participants are enrolled. A partnership signifies meaningful involvement in planning, as well as specific individual or joint responsibilities for program implementation. The application must contain signed Partnership Agreements with each partnering agency that describes their significant involvement in planning and program implementation. A sample Partnership Agreement is provided in Appendix 2 that may be used as a guide to develop customized agreements. The applicant is responsible for the performance of any service provided by the partners.

An individual, agency, organization or other entity that only provides services described in the proposed program and is not involved in planning, is considered a sub-contractor, not a partner. Therefore, a Partnership Agreement is not required.

Please also see the section entitled "Partnership Arrangements for Liberty Partnership Applications."

4. Letters of support from non-partner organizations or individuals will not be reviewed as part of the evaluation of the application.

IV. STUDENT PARTICIPANT ELIGIBILITY

Eligible students will be:

1. New York State residents;
2. Enrolled in grades 5 through 12; or under 20 years old and enrolled in a [state-recognized GED preparation program](#);
3. Attending public, non-public, or home schools, or enrolled in [state-recognized GED preparation program](#) in New York State; and
4. At risk of dropping out of school as measured by one or more of the following factors:
 - a. Unsatisfactory academic performance;
 - b. Inconsistent school attendance or truancy;
 - c. History of Behavior/discipline problems;
 - d. History of family/peers dropping out of school;
 - e. Negative change in family circumstances;
 - f. History of child abuse or neglect;
 - g. Homeless/resident in a shelter or foster care;

- h. History of substance abuse;
- i. Limited-English proficiency;
- j. Teenage pregnancy and/or parenting;
- k. Negative peer pressure; and
- l. Other documented factors.

V. PROPOSAL FOCUS

Successful proposals will provide for the implementation of a five-year project plan, with a **Start Date of September 1, 2012**, and an **End Date of August 31, 2017**, that delivers 12 month structured programming of support services and counseling activities facilitating the following outcomes to benefit eligible students:

1. Implement research-based comprehensive dropout prevention programs locally that can be modeled by the [National Drop Out Prevention Center](#) and/or the [Institute of Education Sciences](#) with significant demonstrated effectiveness.
 - a. Ensure that participants have increased persistence to complete high school with sustained high academic achievement.
 - b. Ensure that participants are prepared for successful transition into postsecondary education and the workforce.
2. Be in coordination and partnership with the LEA and educational program of eligible students.
3. Be in accordance with the IHE's mission and [Master Plan](#).

VI. PARTNERSHIP ARRANGEMENTS FOR LIBERTY PARTNERSHIP APPLICATIONS

Eligible applicants will form a partnership with a local educational agency. In addition to a local educational agency, the eligible applicant can also include not-for-profit community based organizations (CBO) in the partnership. In order to be a qualifying partnership, the partnership must meet the following requirements:

1. Consist of an eligible lead applicant (IHE*) and a local educational agency. If the applicant elects to, the partnership agreement can also include a CBO.
2. The partnership must be evidenced by a signed partnership agreement signed by all parties to the agreement. **The Partnership Agreement must be submitted with the application. If an agreement is not submitted, the application will be disqualified. If a partnership agreement is not signed by all parties to the agreement, it will not be evaluated for scoring purposes and the application will be disqualified.**
3. Contract awards granted to applicants will be prepared in the name of the applicant. The applicant will act as the fiscal agent. The applicant will receive and administer the grant funds and submit the required reports to account for the use of grant funds;
4. A sample partnership agreement is attached as Appendix 2. The purpose of the sample is to assist applicants in the development of their partner agreements. However, it must be adapted to the applicant's particular program. Otherwise, it may be an indicator of a weak partnership agreement.
5. The partnership agreement must contain the following elements:
 - a. Designate the lead IHE to serve as the applicant and fiscal agent for the grant.
 - b. Specify all of the services each of the partners is required to provide and when they are expected to do it.
 - c. Is signed by all of the parties to the agreement when the application is submitted.
6. The applicant must receive and administer the grant funds and submit the required reports to account for the use of grant funds;
7. The applicant must be an active member of the partnership, except where SUNY or CUNY Research Foundations are the applicant/fiscal agent. In such case, the SUNY or CUNY campus will be considered the active lead IHE.

8. The applicant/fiscal agent cannot act as a flow-through for grant funds to pass to other partners and third parties. The applicant should provide a minimum of 55% of direct cost services to the program, meaning at least 55% of the annual budget should be allocated to line items other than Purchased Services, including BOCES Purchased Services.
9. The applicant is PROHIBITED from sub-granting funds to other recipients. A sub-grant occurs when the applicant delegates programmatic decision making or responsibility for achieving program goals to a third party. The applicant is fully responsible for compliance with program requirements and achievement of program objectives.
10. The applicant is permitted to sub-contract for services with other partners or consultants to provide services that the applicant cannot provide itself but are part of the program objective.
11. The applicant shall take full responsibility for the acts and omissions of its partners and subcontractors. Nothing in the partnership agreement or subcontract shall impair the rights of NYSED under its agreement with the applicant. No contractual relationship shall be deemed to exist between the partner/subcontractor and NYSED.
12. The applicant is responsible for the performance of any service provided by the partners, consultants, or other organizations and must coordinate how each plan to participate.

*In areas of the state in which no IHE applies to provide appropriate services to eligible students, a CBO, in cooperation with an LEA, may apply.

VII. VENDOR RESPONSIBILITY

State law requires that the award of state contracts be made to responsible vendors. Before an award is made to a not-for-profit entity, a for-profit entity, a private college or university or a public entity not exempted by the Office of the State Comptroller, NYSED must make an affirmative responsibility determination. The factors to be considered include: legal authority to do business in New York State; integrity; capacity- both organizational and financial; and previous performance. Before an award of \$100,000 or greater can be made to a covered entity, the entity will be required to complete and submit a Vendor Responsibility Questionnaire. School districts, Charter Schools, BOCES, public colleges and universities, public libraries, and the Research Foundation for SUNY and CUNY are some of the exempt entities. For a complete list, see:

http://www.osc.state.ny.us/vendrep/resources_docreq_agency.htm.

NYSED recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at

http://www.osc.state.ny.us/vendrep/vendor_index.htm or go directly to the VendRep System online at <https://portal.osc.state.ny.us>.

Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact the Office of the State Comptroller's Help Desk at 866-370-4672 or 518-408-4672 or by email at ciohelpdesk@osc.state.ny.us.

Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the VendRep website www.osc.state.ny.us/vendrep or may contact the Office of the State Comptroller's Help Desk for a copy of the paper form. Applicants must acknowledge their method of filing their questionnaire by checking the appropriate box on Appendix 1.

Submission of a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a partner or subcontractor where:

- the subcontractor is known at the time of the contract award; and
- the subcontract will equal or exceed \$100,000 over the life of the contract.

Also, applicants need to provide the following subcontractor information in their budget narrative:

Name(s)

Employer Identification Number(s) (EIN)

Address(es)

Subcontract value(s)

VIII. NOT-FOR-PROFIT (NFP) PROMPT CONTRACTING

Chapter 166 of the Laws of 1991 added Article XI-B (The Prompt Contracting Law) to the State Finance Law promoting prompt contracting with NFP organizations.

More specifically, the Prompt Contracting Law sets time frames for processing contracts and related documents; provides for written directives, waivers of interest, and advances/loans to Not-for-Profits (NFPs) when those time frames cannot be met; and requires interest payments to NFPs when contract payments are late due to untimely processing of contracts and no advance or loan was provided. For information on loans for NFPs from the Short-Term Revolving Loan Fund, refer to [Bulletin A-268](#). This bulletin explains the procedure to follow when contracting with NFPs.

Chapter 648 of the Laws of 1992 made several changes to Article XI-B. The 1992 revisions provided more reasonable time frames for processing local grant awards and federally funded contracts; allowed for State agencies and NFPs to waive interest payments under certain circumstances; eliminated interest penalties for contracts executed and funded in whole or in part for services rendered in a prior fiscal year; and limited the amount of time a State agency may suspend time frames to four and one-half months.

Chapter 292 of the Laws of 2007 added further amendments to Article XI-B. The 2007 amendments prohibit State agencies from requiring NFPs, as a prerequisite of the execution of a contract, to waive claims for interest that would otherwise be due; provide that a contract is deemed to continue, and the contract remains in effect when a State agency does not timely notify an NFP of an intent to terminate the contract; require that any waivers of interest be subject to the Office of the State Comptroller's (OSC's) approval and provide for the calculation and payment of interest to NFPs when OSC non-approves a waiver of interest; require State agencies to report prompt contracting information to OSC

for inclusion in annual reports; and expand the NFP contracting advisory committee to sixteen members, require meetings at least quarterly, and expand the scope of the committee's responsibility.

A key objective of the Prompt Contracting Law is to expedite the contract process, and corresponding payments with NFPs to avoid service interruptions and financial hardships for these organizations. OSC advises that State agencies take measures to ensure compliance with the requirements of the Prompt Contracting Law. To this end, State agencies should maximize their use of the standard contract boilerplate, including simplified renewal documents, written directives, and valid waivers of interest when contracting with NFPs.

State agencies utilizing waivers of interest should ensure that there is signed and dated by the NFP, includes an explanation for the retroactive contract start date, and satisfies required time frames set by the law.

IX. FUNDING LIMITATIONS

The specific amount of awards depends upon the legislative appropriation and the review and approval of an institution's application for funding by the State Education Department. While these guidelines call for a five year narrative proposal, applicants are required to submit a one year budget for the period September 1, 2012 - August 31, 2013 using [Form FS-10](#) at <http://www.oms.nysed.gov/cafe/forms/>. Funding in years two through five is dependent on satisfactory performance, legislative appropriation, and the submission of an updated proposed project budget approved by SED.

For the period September 1, 2012 through August 31, 2013, the maximum award will be \$350,000 for projects that propose to serve at least 280 students at a rate of \$1,250 per participant. The minimum award amount will be \$200,000 to serve at least 160 students. Applications requesting more than \$300,000 must serve more than 240 students. There is no cap on the maximum number of students; however, there is a maximum cost per student of \$1,250 for requests above \$300,000.

To comply with Education Law Section (4)(b), grants in excess of \$300,000 are subject to additional limitations. First, the maximum per student budget submission is \$1,250. Second, there will be an automatic statutory budget adjustment to these grants in the event the grantee does not maintain sufficient enrollment to maintain a \$1,250 cap per student for budgeted amounts in excess of \$300,000 in any grant year.

The following are examples of how this budget adjustment will work.

Example A:

Yr1 Budget: \$350,000
Projected Enrollment: 280
Cost per student \$1,250
Yr 1 Actual Enrollment: 240 (40 less than projected)
Budget Reduction \$50,000 (40 Students x \$1,250)

Example B:

Yr1 Budget: \$350,000
Projected Enrollment: 300
Cost per student \$1,167
Yr 1 Actual Enrollment 280 (20 less than projected)
Budget Reduction: None. Per student expense is still \$1,250 or less

Example C:

Yr1 Budget: \$350,000
 Projected Enrollment: 280
 Cost per student: \$1,250
 Yr 1 Actual Enrollment: 220 (60 less than projected)
 Budget Reduction: \$50,000 (40 students x \$1,250). The \$1,250 cap does not apply to enrollment below the 240 minimum.

Example D:

Yr1 Budget:	\$300,000
Projected Enrollment:	240
Cost per student	\$1,250
Yr 1 Actual Enrollment	220 (20 less than projected)

Budget Reduction: None, Budgets of \$300,000 or less are not subject to statutory reduction based on enrollment

The above examples apply to non-profits. The entire budgets of for-profits are subject to adjustment on a proportional basis if they don't attain enrollment goals. If a for-profit grantee's enrollment is less than 95% of the number set forth in the application and project budget, the project's allocation of funds will be proportionately reduced by the amount of the percentage deficiency from the application and project budget. For example, if the actual roster is 94% of the projected number, the grantees budget will be reduced by 6% in the year of the deficiency.

Each funded project is also expected to meet its budgeted enrollment figure. If actual enrollment is less than 95% of budgeted; the project will be placed on probation in the next project year. Projects may have their grant withdrawn if they fail to maintain satisfactory progress to maintain their budgeted enrollment figure. See "Probation/ Grant Suspension" section of the RFP.

Note: Grant funds must be expended on allowable activities in accordance with the approved budget and in accordance with the applicable cost principles. Further, Budget allocations in future years are subject to review.

All funding requests meeting the eligibility criteria will be reviewed at the time of submission of an application. If specific costs are deemed unreasonable or unnecessary for an LLP program, NYSED in collaboration with the proposed LPP Project Director will modify the proposed budget to include only allowable expenses.

Additional Funding for the Program

1. If additional funding becomes available to the program in the first year of the funding cycle, eligible applicants with a passing score that were not funded because the original funding was exhausted before reaching them, may be offered funding, based upon their statewide score highest to lowest. If there are funds remaining that will not fully support the next highest ranking application, that applicant will be given the opportunity to receive a partial award so long as the award is not less than \$200,000.
2. In the event there are remaining funds in year 1 (after making awards described in the preceding paragraph) or if additional funds become available in years 2-5, NYSED may allocate the grant funds in a manner that best serves programs needs as determined by the Department. Such plan will be subject to review and approval by the Office of the State Comptroller.

X. BUDGET

A. Use of Funds:

1. Activities funded under a LPP award will be administered pursuant to a written contract between NYSED and the funded IHE.
 - a. Adjustments to an award amount will occur if items within the proposed budget are deemed to be non-allowable or inappropriate.
2. Requests for the delivery of services may include partnership goods and services by the IHE with LEAs, not-for-profit, and/or community-based organizations.
3. No LPP funds may be used for purposes which have not been described in the proposal. Amendments to the proposal during the course of the year that involve changes in the manner in which LPP funds are expended must have prior written approval from NYSED.
4. Program changes impacting service delivery and project continuity must have prior written approval from NYSED.

B. Allowable Expenses:

Allowable direct costs include the following:

1. **Program administration**, including as allowable: professional and non-professional salaries, fringe benefits, staff travel, purchased services/consultant services, required membership fees, LPP regional and statewide professional development; reimbursement for "release time" for school personnel engaged in program planning and implementation reported as a purchased service. Out of state travel requires prior approval by SED.

2. **Program activities**, including as allowable: participant field trips, LPP student conference expenses, program achievement/awards, project brochures/materials and promotional activities, and activities fees for participants, standardized tests/instruction fees for participants, expenses related to program attendance such as participant transportation, and evaluation materials and activities.
3. **Student classroom supplies**, including laboratory supplies, calculators, etc., needed for direct academic remediation and support.
4. **Participation in a statewide evaluation program**. For the purpose of this RFP, the required independent evaluator is a vendor (purchased services), NOT a partner. These expenses will not exceed 2.5% of the annual project budget.
5. **Administrative and instructional supplies, materials, and equipment and durable goods**; including instructional or administrative computer software and computers, lab equipment, etc., which are used principally in the operation and administration of the LPP project.
 - a. Those costs related to the maintenance of a statewide LPP project reporting data system shall not exceed 1% of the annual project budget.
 - b. When equipment or durable goods are purchased with LPP funds, it is the responsibility of the institution to ensure that the LPP Durable Goods Inventory Form, found in Appendix 3, is completed and that a copy is submitted to NYSED.
 - c. If a program closes, any equipment or durable goods purchased with LPP-NYSED funds must be released for transfer to another LPP program so that equipment or durable goods continue to support LPP students. NYSED staff will assist in coordinating the accountability and transfer of such equipment or durable goods.

C. Indirect Expenses:

For eligible IHE's, funds for indirect expenses provided by the LPP award may not exceed eight percent (8%) of total LPP grant contract expenditures. Indirect costs cannot be charged on the following items:

1. **Equipment purchases**
2. **Stipends/honoraria**
3. **Tuition**
4. **The amount exceeding \$25,000.00 of each subcontract**

Costs: (In your application it is helpful if you **BOLD TYPE** the cost(s) not included in the calculation of the modified direct cost base in Code 49 of the FS-10).

For eligible not-for-profit community based organizations, an indirect cost rate of up to 2.6% may be used for indirect expenses. Such organizations may apply to the Department's Grants Finance Unit for a higher indirect cost rate for their project. Contact [NYSED's Grants Finance Unit](#) for more information. For profit organizations are not allowed to claim indirect costs on grants/grant-contracts.

D. Fringe Benefits:

The rate for fringe benefits cannot exceed the actual rate paid by the institution. For CUNY and SUNY institutions, the maximum rate that will be considered is the rate allowed by the New York State Comptroller's Office (OSC) [[Bulletin A-624](#)].

E. Non-Allowable Activities and Costs:

1. Liberty Partnerships Program funds are intended to establish new efforts or to enrich or expand existing ones. They may not be used to supplant funding of other existing efforts and should not cause the reduction of instructional hours or any other service LPP students would otherwise receive.
2. LPP funds may not be used for purposes other than those described in the approved grant contract.
3. Flow-through funds are not permitted.
4. Interest and finance charges incurred by the grant contract recipient are not allowed for reimbursement.
5. Funds cannot be used to pay for student's participation in program activities, except as provided in the description of allowable costs.
6. LPP funds cannot be used to pay for the salary or stipend of the Liberty Partnerships Program Director's Supervisor or someone designated as a Principal Investigator for the grant contract.
7. LPP funds cannot be used to purchase or rent space to house the Liberty Partnerships Program.

F. LPP Payment Schedule:

Not-for-Profit Applicants:

The initial payment of 25% will be made upon approval of the contract.

Subsequent payments would be made following the submission and approval of an FS-25 form. The final payment of 10% occurs upon the approval of the Final Program and Expenditure Report (FS-10F).

For-Profit Applicants:

Subject to the approval of a contract, funds will be distributed to for-profits on a reimbursement for work performed. The applicant may receive interim payments (up to 90 percent of the grant contract), but only actual expenditures will be reimbursed. The final reimbursement payment of 10% occurs upon the approval of the Final Program and Expenditure Reports (FS-10F).

Note: The Grant Contract is approved when it has been signed by the IHE's Chief Executive Officer, the New York State Education Department, the Office of New York State Attorney General, and the New York State Office of the State Comptroller.

G. Transfer of Funds:

1. Budget transfers of more than 10 percent in any category must be submitted as a budget amendment. Form FS-10-A: Proposed Amendment for a Federal or State Project must be used to request a budget amendment and must be submitted to the NYSED LPP liaison for review. All FS-10-A forms must be submitted anytime between the start date of any funding year and July 31st of that year. Funds should not be expended until the budget amendment has been approved in writing. Variations in each budget line category which exceed ten percent (10%) of such category must receive the approval of NYSED and the Office of the State Comptroller
2. Funds up to 10 percent of line categories may be transferred between approved line categories without prior written approval. However, NYSED must be informed in writing of all amendments made to an approved budget within 30 days of each occurrence, but no later than July 31st of the program year.

Note: Failure to follow the procedures outlined above may result in the disallowance of all expenditures not previously approved by SED.

H. Allocations To Collaborating Agencies:

Activities funded through the Liberty Partnerships Program will be administered pursuant to a written grant contract between the State Education Department and the IHE. Funding requests for the delivery of direct student services may include allocations by the institution with collaborating agencies including: the LEA(s), not-for-profit community-based organizations, schools and postsecondary education institutions.

I. Grant Contract Amendments:

The grant contract may be amended with the consent of the State Comptroller. Amendments to the grant contract which involve increases in dollar amount, changes in scope or in the way LPP funds are expended must have prior written approval from the same. Only expenses incurred for activities included in the approved or amended budget will be reimbursed by the State.

J. Records Retention:

The following general rule for record retention satisfies requirements in most instances: Supporting documentation must be retained for the current year plus six subsequent years unless otherwise specified by program requirements. Audit or litigation will "freeze the clock" for records retention purposes. Supporting documentation related to an issue under audit or litigation must be retained until resolved or the above general rule for record retention, which ever is longer.

K. Charging For Project Services:

Projects must be equally accessible to all students targeted for services. Projects may not prohibit any family from participating in programming due to their financial situation. The priority of the project is to deliver a continuum of twelve-month programs and services to benefit students and families in grades 5-12. Projects that plan to collect revenue from specific activity fees must be used to fund project activities outside the funded scope of the approved LPP budget with prior written approval from NYSED.

For further information on the treatment of program income, see Section 11

<http://www.oms.nysed.gov/cafe/Guide.html#Eleven>.

M. Budget (FS-10)

The application must include an FS-10 Budget Form for the first year of the program.

Please remember that travel costs for program employees should be itemized under Travel Expenses; travel for consultants should be itemized under Purchased Services. General descriptions of expenditures, allowable costs (subject to the limitations set forth in Section X), applicable federal cost principles and administrative regulations are available in the

[Fiscal Guidelines for Federal and State Aided Grants](http://www.oms.nysed.gov/cafe/guidance/guidelines.html)

<http://www.oms.nysed.gov/cafe/guidance/guidelines.html>.

Adjustments to the award will occur if items within the proposed budget are deemed to be non-allowable or inappropriate.

XI. PROJECT OPERATIONAL GUIDELINES

A. Operation Dates

The operation dates for the first year of this proposal will be September 1, 2012 through August 31, 2013. Expenses incurred prior to September 1, 2012, or after August 31, 2013, will not be reimbursed.

B. Required Reports

Each institution receiving a LPP award will be required to submit two project reports annually; a mid-year assessment and a final report to the LPP Program Liaison. The formats for the mid-year assessment and the final report will be provided by NYSED.

For each year, the mid-year assessment, covers project activities from September 1 to February 15, will be due March 15. In addition to other specified requirements, the mid-year assessment will include a roster of all participants enrolled in the project on February 15 in each project year. The final report, which reflects on all project operations and project accomplishments, will be due September 30 of each year, in a format specified by the State Education Department. Late submissions of budgetary forms and reports may result in the suspension of funds. Exceptions may be made to projects that have requested an extension in writing to their NYSED LPP liaison and have received approval. Acceptable

written notification may include email, regular mail, or fax. All communication relating to an extension of reporting deadlines must be copied to the President of the IHE.

In addition to the NYSED required reports, the LPP director’s consortium will decide upon an external evaluator to develop and implement a statewide evaluation process. Each funded LPP project is obligated to participate in the statewide evaluation of overall performance of the program. The LPP program liaison will work with the LPP director’s consortium to develop the evaluation standards in accordance with 8 NYCRR 55.3 (d).

C. Probation/Grant Suspension

Projects will be placed on probation for failure to meet the following performance outcomes.

- a) The Dropout Rate of the participants, based on the final report data.
- b) Achievement of the Student Enrollment Target, based on the final report data

Measure	Outcome
Dropout Rate	5% or less
Student Enrollment	95% of Target Enrollment

If these measures are not achieved for any one project year then the project will be placed on probation. If the project then complies with LPP guidelines and/or meets the performance standards or meets their corrective action plan the project will then be removed from probationary status. If the project is not removed from probationary status after two consecutive years the grant may be terminated. The foregoing does not limit NYSED’s other rights to terminate the program in accordance with NYSED standard contract language. (see attached State of New York Agreement, Appendix A, and Appendix A-1)

1. NYSED will notify the Project Director and the Chief Executive Officer in writing of the Project’s probationary status.
2. The term of probation will be for two years.
3. The Project Director will be required to submit a corrective action plan for approval by the Program Officer.
4. Probationary Projects may receive reduced funding or have their grant withdrawn if they fail to make satisfactory progress within the established time frame.

XII. APPLICATION REVIEW AND RATING PROCESS

A. Method of Determining Award

1. New York State is divided into [10 Regents Regions](#). To allow for equitable statewide access to LPP services for students NYC will be separated into 5 regions providing 14 total regions for students to access LPP services statewide. The highest ranking applicant in each region will be funded at their requested amount, if there is an applicant with a passing final score.
2. Given the level of appropriated funds in the last cycle, it should be possible to fund at least two LPP projects in each region even if all projects request the maximum level of award. It is the intent of this RFP to support the two highest ranking applicants in each region if appropriated funds allow. Provided that there are two high ranking applicants in each region with a passing score, both projects will receive an award.
3. The remaining funds shall be pooled into a single statewide sum to be allocated to the remaining eligible unfunded applicants in rank order by final statewide score.

This process should result in at least two projects per region and should support those meritorious applications competing on a statewide basis.

Applicants who score below 45 points on the Technical (Abstract, Need for Project, and Proposal Narrative) section will not be eligible to receive a LPP award.

In addition, applicants need a combined (Technical & Budget) score of 60 or more points out of 100 total points to be considered for funding.

Each eligible proposal will be reviewed by at least two reviewers. Each reviewer will score the proposal according to the indicated point criteria in the Technical Section, using the Evaluation Rubric and the criteria in the Budget Section. If individual scores are more than 20 points apart, another reviewer will rate the application. In those cases, the three scores will be averaged to calculate the final average score of the application. Grant contracts will be awarded in rank order of the highest score to lowest score within each region. In the event of a tie score, the following will constitute the tie break criteria:

- a. Highest Technical score, if scores are equal then;
- b. the Proposal Narrative score, if scores are equal then;
- c. the highest Need for Project score.

The contract issued pursuant to this RFP will be awarded to the applicants whose aggregate Technical and Budget scores are the highest among all the proposals rated in their respective region. Successful applicants within each region will receive the full amount of their proposed budget (within the funding limitations), if the state appropriation allows.

In the statewide allocation process, if there are unallocated funds available after the awarding of projects able to be funded at the minimum level, these remaining funds will be treated under the process described in VIII Funding Limitations, above, as an increase in the appropriation.

The maximum award will be \$350,000 for projects that propose to serve at least 280 students at a rate of \$1,250 per participant. The minimum award amount will be \$200,000 to serve at least 160 students. Applications requesting \$300,000 must serve at least 240 students. There is not a cap on the maximum number of students; however, there is a maximum cost per student of \$1,250 for requests above \$300,000.

The New York State Education Department reserves the right to adjust the award amount and limit the number of students a project can enroll. If an eligible applicant refuses to accept the award at the adjusted amount, the next eligible applicant will be canvassed.

B. Set Aside For-Profit Applicants:

1. A maximum of \$700,000 will be set aside for the two highest ranking for-profit applicants statewide providing that they receive a passing score of 45 points or more on the combination of the Technical section of the application (Abstract, Need for Project, and Proposal Narrative).
 - a. For-profit institutions will satisfy the count to ensure equitable statewide representation.
 - b. If there are no eligible for-profit applicants these funds revert to the non-profit allocation method.
 - c. If both for-profit awards are made in the same region, they shall constitute meeting the desire for at least two funded projects in that region.

- d. If funds remain after the awarding of up to two awards of for-profit applicants, funds revert to the not for-profit allocation method.
2. Projects administered by for-profit institutions are subject to the same operational controls and guidelines as those for other awardees.

For-profit applications will be scored on a scale of 100 points, 75 points technical and 25 points cost. The technical score will consist of the Abstract, Need for Project, and Proposal Narrative sections of the scoring rubric.

The **financial portion** of the application represents 25 points of the overall score and will be awarded up to 25 points pursuant to a formula. This calculation will be computed by the Contract Administration Unit upon completion of the technical scoring by the technical review panel.

The submitted budget will be awarded points pursuant to a formula which awards the highest score of 20 points to the budget that reflects the lowest overall cost per student (no points will be awarded to the budget narrative). The remaining budgets will be awarded points based on a calculation that computes the relative difference of each proposal against the lowest budget submitted. The resulting percentage is then applied to the maximum point value of 20 points.

C. Method of Award- For-profit applicants

The aggregate score of all the criteria listed will be calculated for each proposal received.

The contract issued pursuant to this proposal will be awarded to the applicant whose aggregate technical and cost score is the highest among all the proposals rated.

In the event that more than one proposal obtains the same highest aggregate score, the contract will be awarded to the applicant in that group of highest aggregate scores whose budget component reflects the lowest overall cost.

The New York State Education Department reserves the right to reject all proposals received or cancel this RFP if it is in the best interest of the Department.

D. Regions The Region will be assigned based upon the location of the IHE applicant. To ensure equitable statewide access to LPP services for students, funding will be divided into 14 regions, as set forth in the table below.

LPP Regions (By County)	
Western New York (Chautauqua, Cattaraugus, Allegany, Erie, Niagara)	Finger Lakes (Orleans, Genesee, Wyoming, Livingston, Monroe, Ontario, Wayne, Yates)

Bronx County	Kings County (Brooklyn)
New York County (Manhattan)	Queens County
Richmond County (Staten Island)	Long Island (Nassau and Suffolk Counties)

E. Notification of Award

1. All applicants will be notified regarding the disposition of their proposal in writing.
2. Successful applicants will be informed of the amount of their award and next steps in the Grant Contract process.
3. Applications of projects in the last application cycle, which are not recommended to receive a Grant Contract, will be notified in writing of the necessary actions needed to close their respective project.
4. Applicants not recommended for funding may request a summary of reviewer comments (see description in the debriefing procedure below).

F. Post Selection Procedures

Upon selection, the successful applicant will enter into negotiations for a contract with NYSED. The contents of this RFP, any subsequent correspondence related to final contract negotiations, and such other stipulations as agreed upon may be made a part of the final contract developed by NYSED. Successful applicants may be subject to audit and should ensure that adequate controls are in place to document the allowable activities and expenditure of State funds.

G. Debriefing Procedures

Only unsuccessful applicants may request a debriefing within ten (10) business days of the postmarked date of the notice of non-award from NYSED. Applicants may request a debriefing letter on the selection process regarding this RFP by submitting an email request to: LPPRFP@mail.nysed.gov

A summary of the strengths and weaknesses of the application, as well as recommendations for improvement will be emailed back to the applicant within ten (10) business days.

H. Contract Award Protest Procedure

Applicants who receive a notice of non-award and have requested and received a debriefing letter may protest the NYSED award decision subject to the following:

1. The protest must be in writing and must contain specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award by NYSED.
2. The protest must be filed within ten (10) business days of the postmark date of a debriefing letter. The protest letter must be filed with:

NYS Education Department
Contract Administration Unit
Attn: Richard P. Duprey, GC#12-005

Room 505W EB
Albany, NY 12234

3. The NYSED Contract Administration Unit (CAU) will convene a review team that will include at least one staff member from each of NYSED's Office of Counsel, CAU, and PCPPU. The review team will review and consider the merits of the protest and will decide whether the protest is approved or denied. Counsel's Office will provide the applicant with written notification of the review team's decision within seven (7) business days of the receipt of the protest. The original protest and decision will be filed with OSC when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.
4. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

XIII. FUNDING POLICY FOR PROPOSAL CYCLE

A. Grant Recipient Responsibilities:

1. Projects must operate under the jurisdiction of the IHE, have access to all needed facilities of the IHE, and are subject to at least the same degree of accountability as all other activities of the IHE.

XIV. PUBLIC RELATIONS/ATTRIBUTIONS OF FUNDING

In order to ensure the continued support and the commitment of resources to State-funded Liberty Partnerships Program projects, there must be public awareness of the project's positive impact on the lives of participants and their families, schools, and communities. Positive publicity and community awareness also help to ensure that those who are eligible and who could benefit from participation are informed of the project's existence.

To facilitate public awareness, all funded Liberty Partnerships Program projects are required to ensure that all public relations materials and activities, such as project brochures and award ceremonies, acknowledge that the project and its activities are supported, in whole or in part, by a grant from the NYSED. In addition, when local, statewide, or national media report on the project's success or on honors received by students or staff, NYSED funding must be acknowledged.
